Nothing was too small or too big for your staff and they managed all our tedious requests with a smile and real professionalism. I am glad to have come across your organization. Microsoft is grateful to have chosen Tall Ships in catering for our event. Thank you"

#### Google

STS provided a great experience for the Google crew. We were able to arrange a private charter around our specific needs and our expectations were exceeded for sure. The mast climb was thrilling and the host and crew were friendly and added to the experience. The ship is a beauty! The only downside is that it was too short for our liking ;) Thanks again Luke and crew!

#### KPMG

"Thank you very much for your assistance in organising this event and the wonderful hospitality we enjoyed on Friday. Everyone had a great time and the ship's crew were all friendly and helpful."

#### Fuji Film

#### CGU Insurance

I would just like to say what a wonderful day we all had, the staff on board were extremely helpful and polite. There was plenty of food and drinks and I have received great feed back from all on board, even suggestions that this is what we should do next time. Everyone loved the clay shooting as well. Please pass on our thanks to all concerned as we had a fantastic day.

#### City of Sydney

We found both the crew and vessel to be perfect for our Pirate Harbour Cruise event. The company was most willing to accommodate our needs and even arranged for a special lunch package. The crew were helpful and willing to participate in the spirit of the event. I would not hesitate in recommending Sydney Harbour Tall Ships for other such events and intend on booking them for next year.
